## 37th Post - Seriously where is your info coming from?

February 02, 2025

Seriously, from what I know and what's happening a bunch of you all are getting information out of a toilet called social media, I don't know about you but seriously anything I read online I take with a grain of salt especially, ESPECIALLY social media... It's honestly a cesspool of trolls it seems with a personal agenda to try and mess someone up and just harass them... Good for you, you amounted to a whole lot in life, I hope you feel accomplished now that your trolling the internets, I bet you feel good about yourself, deep down, like really deep down in your psyche you know you are wrong to be doing this kind of harm to somebody else, especially someone you don't even know anything about RIGHT!! Deep down I know people on the internet have feelings whether they want to acknowledge that feeling or not depends on how mentally screwy they are in the head but honestly somewhere in that thick ass skull there's a "this is wrong "being stated on the inside of their minds, shame on them ignoring that feeling but I guess some of you can't really help it I guess, doesn't mean your hopeless though! So you gotta be mindful online especially when it comes to trolls, AI isn't making things any better for us online I'll give you that much..

That's a whole another can of worms to dive into AI and social, yup that's going to be the day... I have stated before the square root of all evil is the Lust for Power, Greed, and my personal addition a dash of popularity that stems from a version of how you view Respect.. Greed is the most likely of culprits here, whether it's math money aka crypto or even real money (doubtful) and it drives people to do things it seems they wouldn't other wise possibly might do.. I've learned that my friend Kenworth Brieske (also a possible Russian spy, your welcome for that tid bit of info) from high school has ultimately turned on me because of the fact his "Adderall stopped working" maybe that was for the best dipshit!! But he premeditated his methods to get what he wants out of me and even now he's still trying to play games with a possible future in mind using the military as a pawn here, he created something to spread online that's a lie and he's trying to make me look bad in all this.. If I knew how to connect I would have connected already!! But he's seriously turned a friendship into a greed project for his drugs and math money, what a fucking great guy here we have! (Sarcasm FYI) So I'm documenting this in the event it ever becomes relevant anywhere in time because as they say the internet is FOREVER!!

So in spirit of the internet being forever I am here writing this out as proof I tried my best here to keep the truth coming out, that's my motto as you might have read from my Bio Summary I am all about the Truth Coming Out, the only variable is time... But truth has it's way of coming to light and bubbling to the top, trolls can keep coming for me but somehow the truth will always be there... Now what I don't understand here is the anger towards me and the desire to want to harm me, that I don't understand behind the trolls, I have never done anything wrong towards them or maybe you reading this and still some of you all have weird minds that lean towards harm? Why is that? I personally don't understand the reasoning behind a "strangers" MO to wanna harm someone for minding their own business within the confines of a private home/bedroom behind closed doors, but seriously privacy is kinda a topic we need to go over here, how one is seeing me is a real issue and begs the question of privacy, if this can happen to me who else is going to happen to next?!?

Seriously trolls, imagine your situation becomes like mine and your facing some of the same issues I am as well (this is thought exercise for Empathy.. FYI..) But what if your personal time was broadcasted and could not do anything to stop it.. What do you do? I honestly hope nobody ever goes through what I am experiencing, not even my worst enemy! Somebody smart ought to take this opportunity to try and solve how the crime of this is even taking place here THAT WOULD BE SMART!! But also keep in mind the bigger picture, I am not the issue, the issue is HOW this happened to me the HOW is what should make you scratch your head here, think of it like a puzzle OK, you might like puzzles unless your really I guess a fucked troll who can't honestly critically think hard... this might hurt your brain a little bit, your IQ probably isn't up to par with what I'm asking you to try and do here and that's OK I UNDERSTAND you for not wanting to try here, ITS TOO HARD TO FIGURE OUT, excuses excuses you'll make, pathetic troll, sometimes the hard things to understand and problem solve are the best causes to go after, IMAGINE the possible FAME for being able to figure out how this crime operates and works here, I give you a challenge internet and it's up to you whether your up to the task or not, weak minds not apply here, but your saying to yourself your a STRONG MIND RIGHT!?! Keep telling yourself that, your gunna need that motivation hahahahaha Someone out there is probably a tad smarter here and can see the bigger picture and start to understand parts of this puzzle, now if we could only get the Secret's 'Secret' to kick into gear here we would have wealth of information that you TROLLS could honestly use to TROLL THE GULTY HERE!!

Seriously the ones behind someone of the nonsense that's been created and fabricated trying to set me up, wouldn't figuring out who they are make sense here?! I've suggested that the CIA change their FOIA documenting practices into collecting more information about the user and seriously I heard a "damn" like if only I knew I could do that sooo many people could have been exposed here that the true criminals! Seriously I know what I am saying here is kinda taboo, yeah I get it, but you gotta understand where I'm coming from now, I don't have much of a choice in the matter here, blogs aren't likely to go out of style anytime soon but who knows the future of social media, remember it's a toilet your reading from RIGHT!?! I honestly would rather

not be in this position but I remember I kinda have too, plus the perk here is I feel better doing this once I'm done psychologically because it's an outlet to vent too, freedom of speech! Taboo but still FREEDOM!! This probably will go down as a vent website but there's still truth here despite the potential label given to it, but in the moment I feel this is the right thing to do so I'm trusting my instincts here and going with my gut! I guess someday we shall see if I was right?! HAHA Care to wager math money, JUST KIDDING!! But honestly that's a future BET for you greedy folks out there who like betting and gambling hahahaha Someone is going to take that up and possibly wager on this, we'll see if I was right someday, keyword... Someday!!

The truth always comes out... I was raised with that motto, Kenworth will someday face the music here (maybe the future will investigate him), the FOIA will become public information because it needs too, the fact my heart is in the right place is all that matters here.. Trolls you should take the opportunity to solve this brain puzzle because it's bigger than just me and impact others in the future, even possibly yourself.. Who KNOWS!! But solving how this happened to me could shed light on how to protect yourself and others you CARE about because let's be real, you reading have at least ONE friend you care about RIGHT!? You're a social creature too, RIGHT!! So we have that aspect in common here, we just related you and I, look at me trying to be friendly to an unknown troll possibly (you know if you're one or not.. be honest..) but now you can see I'm human too just like you, not so different now RIGHT!? Congratulations, I pass good karma onto you because you're gunna need it haha I'm a nice guy, honestly, I pass good karma onto you!!

Honestly I really do hope I was right in writing this out.. I really hope I am not wrong for documenting.. I really seriously hope this is the right outlet to take with this information.. Taboo, maybe, but my heart was in the right place and that's all that matters now...

Your welcome, Thanks for reading...
